Current Living Conditions: Maria is a single mother with two children from her first marriage. When the children were little her husband went to the United States for work and never returned. A while later Maria remarried and had four more children. The two older children are now married. About four years ago, Maria found out that her second husband abused her daughter when she was little. Because of this Maria left her house and got a divorce. For Maria it has been difficult to cover the house hold costs by herself because all her children go to school.
