Maria is a single mom and has had a very difficult life. She and her daughter both suffer from epilepsy. Maria has traveled to Guadalajara previously to seek treatment for herself and her daughter. Maria studied cosmetology and works at a salon currently where she specializes in nail treatments. Her mother moved in to aide in the childcare of Angela while Maria works. Maria bought the land on credit and with the help of her friends and family has built a small wooden structure. The dirt floor is especially a problem during her epileptic seizures. She is looking forward to a warm, clean environment in which to raise her daughter.
